

Meet current  
and future  
demand by  
outsourcing  
your field  
service  
management  
to the experts

Trust the experts at ServicePower to deliver an exceptional customer experience. Our highly rated mobile field management suite optimizes and simplifies all aspects of your service delivery.

#### 1. Recruit

Recruit contractors with the required skills to perform field services that fit your business

#### 2. Credential & Negotiate

Work with you to agree on credentialing standards and negotiate labor rates

#### 3. Dispatch

Dispatch the best contractors (employed or 3rd party contracted) for every job

#### 4. Parts Logistics

Ensure dispatched contractors have the right parts to complete the job

#### 5. Process & Pay Claims

Recommend logic and criteria for payment issuance for valid claims

#### 6. Report

Provide visibility regarding network and job status
